BOARD

All glory, adoration and thanks go to Almighty God who has sustained each and every one of us from last year and has granted us the grace to witness the success of the current year. It has been a daunting task indeed; hard and gruelling at times but the Lord has seen us through it all.

We have come to another harvest time and now the Lord has made us proud to present to you all, critics and admirers alike, the Cifman College Yearbook dedicated to the Class of 2023.

This edition is not just a picture book, it is also a cognitive experience which serves to teach you a lot, not just about the school but also what we stand for on all fronts.

We have painstakingly included sundry write-ups, educative articles, teasers, riddles, jokes, motivational quotes and poems for your enlightenment and entertainment. It promises to be an extremely rewarding encounter as you go through the pages of this Yearbook.

I commend the efforts and contributions of the members of the Editorial Board in ensuring we have a solid and sound publication. Thank you all. Also, I thank and appreciate the efforts of the MD, the Principal, the Vice Principals and the Bursar who kept us on our toes and supported us when we needed it most. May the good Lord bless you all. To our readers, may your joys and blessings multiply a million fold as you peruse this exquisite edition. Do have a pleasant reading experience.

Thank you!

# PROPRIETOR'S SPEECH

**J**ust like clay in the hands of the potter, so is student at Cifman in the hands of the Proprietor. It is an all important duty of the Proprietor to groom our students into fine men of character and to better the society and the

every College school. Our duty is to groom our students into fine men and women of knowledge to better the world at large.

Graduating today is a very huge event for our children and our parents. The children are better informed, and better shaped to contribute to making the society a better place for us all. However, this event we are all witnessing today came with a lot of hard work from the students themselves and their teachers and loads of cooperation from their parents just like what gold passes through before becoming one of the most treasured commodities in the world. A journey of a thousand miles, they say, begins with a single step, indeed! Everyone graduating today actually put in the very best of his/her efforts to get here. So, it gladdens my heart and brings forth an immeasurable pleasure to me to introduce the freshest graduates of Cifman College to you and the entire society at large! Nonetheless, I beseech every graduate today to remember, that one of the basic steps in life is to arrange your steps well, and set better goals for yourselves regarding your future! This is absolutely not an end in itself, but a stage to move on to the next; an earnest preparation for a university education.

Once again, congratulations to everyone who made it to this final lap of the secondary education: I can attest to your commitment, doggedness, dedication, selflessness, and determination to the realization of the choices of institutions and respective choices of courses you are aspiring to study, I am so proud of you all. In synopsis, the wheel of the potter that moulded these beautiful creatures you are all converged here to celebrate is still very much spinning and working tirelessly round the clock to mould finer creatures coming behind them...ours is a wholesome service to humanity, producing morally sound and God fearing citizens, well equipped with knowledge and discipline to better the society at large.

God Bless Cifman College!!!

# PICTURE YOUR FUTURE!!!

A CHARGE BY:  
THE PRINCIPAL

Today's Valedictory Service marks another awesome and thrilling moment in the lives of our students, who are now better moulded young adults in academics and morals, as they leave the four walls of this great Citadel of learning to the vast outside world, to unleash the great potentials in them that had taken years to modify in character as well as astute discipline.

Undoubtedly, it has been a long journey of unpleasantly pleasant academic adventures for them, quite like the story every great mind tells, before he/she strikes gold! We return all adoration to God Almighty for making this great day a reality for all students, parents, guardians and everyone else happily gathered here today to witness this glorious day.

The graduating class of 2023, as you move into the larger society, it is a desideratum to imagine your future in a very picturesque image and for you to become forces to be reckoned with globally. The fact remains that your future is created by what you do today and not tomorrow. Every tomorrow begins today, as today is an improvement on every yesterday.

What is the best way to go about this?

You cannot change the past, yes. But, you can determine to judiciously put into use, what you have learned and experienced, while you were

a student at Cifman College over the years.

Those years of rigorous drilling must

have strengthened you for

you to have come this

far and you must improve on

this strength in your respective

higher institutions of learning.

You cannot afford to procrastinate, as procrastination, as they say, is the thief of time. There is a great need for you to plan wisely for your future. But this cannot be achieved without making God your priority each and every day. You must plan your future with a Divine purpose. The best way to predict your future is to create it. This involves getting things done. You must be meaningfully engaged. Once you gain the conviction of your direction, never hesitate to activate your plans to get there.

To picture your future is to have the dreams which are your dress rehearsals for the future. You must dream big and always aim for the best. Remember, you do not have to be great to start, but you have to start to be great. A goal without a plan is just a wish. Therefore, if you must have a bright and secure future, you must

set concrete plans, aided by self-discipline and the determination to achieve them. Ten years from now, make sure you can unequivocally say that you chose the life you are living and did not just settle for it!

At this juncture, my sincere appreciation goes to the MD of Cifman College, for providing all the necessary support in making the Class of 2023 the best of its kind in recent times. This noble achievement would not have been possible without the concerted effort put in place by the dedicated Staff of Cifman. I appreciate you all. To our esteemed parents, thanks so much for believing in our school. We appreciate your love, constant support and understanding.

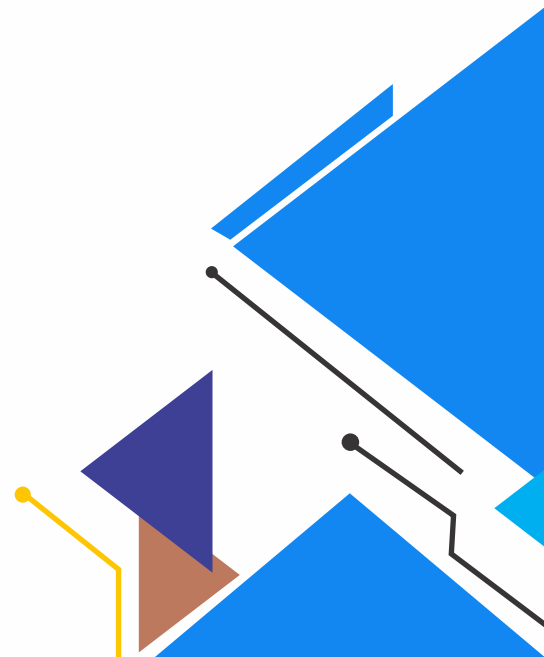

Once again, to the graduating Class of 2023, I charge you all to set the ball rolling and activate your plans to achieve your dreams. The future is yours and yours alone! The future belongs to those

who believe in the beauty of their dreams. "If you want to be happy, do not dwell in the past, do not worry about the future, focus on living fully in the present."

May you all have a secure future...

Congratulations!!!

# MESSAGE FROM THE SCHOOL COUNSELLOR

The wellbeing of our students is paramount to us and we recognize this as an essential ingredient in the actualization of their overall success. We have been able to incorporate Social and Emotional Learning (SEL) as a complement to their academic work. We believe that for students to successfully navigate the journey of life, certain soft skills are needed.

Some of these skills are but not limited to communication, teamwork/collaboration, emotional intelligence, leadership, time management, empathy, problem solving, critical thinking, decision making and resiliency. A good display of these skills were observed in our students at different times in the academic year.

The level of interactions and engagements we had with students is quite impressive. We are glad that students are able to express themselves freely on matters that affect them emotionally which could have impact on their academics and they were also cooperative in receiving needed guidance and counsel.

A lot of students have improved in terms of self confidence, anger management, emotions management, self control, making positive choices, mental health, building resilience, positive relationship building and overall academic performance.

While we appreciate these improvements in them, we implore them to continue to imbibe the moral values and virtue that they have been empowered with.

We appreciate all the staff, parents and stakeholders who have played positive roles in the lives of all our students.

Congratulations to our graduating students and best wishes.

Thank you all.

## **PTA CHAIRMAN'S ADDRESS**

It's a great privilege to serve as the Chairman of the PTA of a reputable school like Cifman College. I feel highly elated to the wind of change blowing across the school in the last couple of years which our parents can attest to.

The college has made remarkable progress: we have a rapid academic improvement in recent years, thanks to our teachers for their total commitment throughout the academic year. It has been proven beyond doubt that Cifman College has gained recognition for high academic standards and that it provides a conducive learning environment for students and staff. The PTA is committed to making more developmental projects to keep this up.

I salute our parents whose indispensable support and sacrifice have been the bedrock on which the success of all our children is laid.

I heartily congratulate the graduands, wishing them more success in their future endeavours. They have every good reason to a sense of pride for this accomplishment. Though this is just a stepping-stone, remember, it is a stage where you need to know who you truly are and discover yourself. Never forget your roots: this is your origin of inspiration and nurturing. Be disciplined and strive to be morally upright. And to the other students going to the next classes, congratulations to you too. I wish you all more wisdom, knowledge and understanding as you go forward in your academics.

Lastly, I seize this opportunity to appreciate all PTA committees, Teaching and Non-teaching Staff; indeed, you have all done a great job. God bless you all.

Cheers!!!

# MOTIVATIONAL QUOTES TO HELP YOU STAY HAPPY AND POSITIVE

- (i) Face every problem with a smile and a positive attitude. It may not change your problem but it can change the way you go through it. Have you ever asked yourself, "When is it my turn to smile?". If you ask me, I will say "Now and always". Stay happy; Stay positive!
- (ii) The worst person to be around is someone who complains about everything and participates in nothing. If you are good enough to identify the problem, you should be ready to solve it. Stay happy; Stay positive!
- (iii) Happiness starts with you; with your relationships; not with your job; not with your money; but with you. As long as you know the truth and what works for you, you will be happy. Stay happy; Stay positive!
- (iv) As you struggle to get things done, remember that there is nothing like something for nothing; it is either nothing for nothing or something for something. You need to figure out the sacrifice you have to make. Stay happy; Stay positive!
- (v) Everyone tells you they deserve better; no one is willing to give it. It is simple: take a bold step and get what you want. If you don't breathe, no one will do it for you. Stay happy; Stay positive!
- (vi) Things may not be the way you want them; take a moment and thank God for the little you have. Happiness isn't getting all you want but being satisfied with what you have. The way to be happy is to be grateful for the small and simple blessings we have. Stay happy; Stay positive!
- (vii) You are responsible for your own happiness; if you expect others to make you happy, you will always be disappointed. Even your shadow doesn't stay with you all day. Stay happy; Stay positive!
- (viii) Life is weird! You can go from being strangers, to friends, to being more than friends and then complete strangers again. Any which way, don't treat people as bad as they are, treat them as good as you are. Stay happy; Stay positive!
- (ix) Stop complaining about what you don't have. If I can sing; he can play football; she can swim: You have your own gift. It's your responsibility to discover what it is. Stay happy; Stay positive!
- (x) Life is about balance. Be kind, but don't let people abuse you. Trust but don't be deceived. Be content but never stop improving yourself. Most importantly, don't trade happiness for gold because gold cannot buy happiness. Stay happy; Stay positive!

# Poems

## (a) DEN'DE

Legendary father. Strain.  
Legendary mother. Strain.  
Indefatigable Proponent of Civilization!  
Freedom fighter!  
Strain brain drain.  
Fighting for one,  
Fighting for all,  
In his tragic strenuous strain  
And gentle hysterics.  
Hard, jarring, sapping strain.  
Braithmoh Den'de Elekun,  
Pele!  
Yield always, like water!  
Arouse fear! Scare them!  
Burst the bubble!  
But have mercy and show compassion!

## (b) FEAR

Locked up! Jammed tight!  
Distraught. Feeble. Vulnerable.  
Of a sudden:  
Arch h(a)unters,  
Nightmarish apparitions loomed;  
Hell-baked Gorillas  
Burnt black with latent heat!  
Teasing, taunting, with affectation,  
Their prey; myself!

Old Man Winter,  
Hoary, grey, gaunt, Snowwhite.  
Icy-dicey gaze,  
Sauntered in without harrow.  
Rolled the dice!  
Chips fell as they might.  
Of a sudden:  
Monkeys took flight,  
And disappeared forever!  
Snowman: stalwart in sweet,  
Chilling expanse,

Lightened my burden,  
With a knowing smile,  
And left me,  
With a Spirited Release.

## (c) "WHO'S BAD?"

Is it,  
Adam, who redeems himself  
And Ultimately rises above the Devil:  
Man, who eats from Eve's fingers  
All the while aware of its menace; its threat;  
its dangers,  
Man, who in his eventual triumph,  
Ultimate regeneration and tranquil  
fulfilment,  
Is exalted, glorifies the Lord;  
Blesses the day he is born,  
And purges himself of Sin,  
Death and the mischief of the Devil?  
Is it,  
The accursed Devil,  
Who has prowess  
But lacks the means to save,  
Proud Satan,  
Who wheedles Eve,  
Making her tempt Adam with his apple,  
The envious Serpent,  
Which lures Eve away from her Man,  
And shatters the bond and affection  
between them?  
Is it,  
Death, the Strong Man,  
Who never frets over his deeds,  
No matter how cataclysmic they may be;  
Death, the Original Putrescent,  
Who dwells on doom  
And jeers at God's grand design for Man;  
Death, the short, dark and sinister ugly  
man,  
Who claims a fee from all who go astray?  
Is it,  
Sin, the Lusty Glow-worm,  
Which enraptures Adam and Eve,  
Taking them higher,  
As they feel as God,  
As they fell as One;  
Sin, the insult,

Which makes the voyage to Hell  
A bed of roses for all who choose that route;  
Sin, the enormous burden  
Which heightens Man's senses  
After a Heaven of Hell,  
Vitiates and corrupts his soul,  
Jamming him into a paradox?  
Is it,  
God, the Omniscient Narrator,  
Who puts Man and Eve  
In the Secret Garden  
With Sin and Lucifer  
While the Shadow of Death  
Clouds Adam's brilliance  
As He observes from above?

A friend in need is a friend indeed; that is the definition of a true friend who will never leave you during your hardship, trials, tribulations, failures as well as during your success. Friendship is one of the most precious gifts in life. Friends are those who help and understand you; they understand you more than anyone else.

True friends always share and support each other. They feel joyful when you are happy and are supportive when you are sad.

True friendship is all about sharing, making mistakes, fighting for silly things and making up by hugging each other in solidarity. Friendship is an essential commodity for a happy life. Whenever you are worried or unhappy, a chat with a true friend takes all the problems away. That is the true strength of Friendship...

# COUNTDOWN TO GRADUATION

Wow! It's hard to believe we've come such a long way. Six years spent in Cifman College. Six years of dreading the sound of the alarm clock. Five years of rushing to get to school early to avoid getting punished at the gate. Four years of being intimidated by seniors. Three years of having to deal with impossible subjects like French. Two years of being the babies of Cifman College. A year of being the novice; the new kid. Dang! I just did a countdown.

Secondary school wasn't just a journey. It was an experience. From the wonderful classmates I was fortunate to have been blessed with, to the teachers who loved us as if we were their own. These past years have been no joke. We've had our ups and downs but that is just how life is.

Back then in JS1, I never would've believed that my six years at school would go by so quickly. Underneath all the hatred for getting up from bed at 5:30 every morning, asking my classmates for the time every five minutes to know when the class was going to be over, and 'forgetting' my lunch maybe once a week, I never truly saw the time go by.

To the oncoming SS3 students, I advise you to make your legacy known! Leave a mark in Cifman that will be remembered for generations. And most of all, cherish the time you have now because time flies very fast.

To my fellow graduating students, in some ways, we may feel like we're immortal and we've managed to conquer the world; we're young and it is normal to feel this way—we're graduating after all and the future seems very bright—I want you to know that Time is Precious, so, don't waste the little time you have living someone else's life. Make your happen!

Thank you all for everything you have done for me from the bottom of my heart, though for you all there's no bottom to my heart. We've definitely come a long way from where we began and I'll tell you more when I see you again.

This is Miss Oyenusi MoyinOluwa, signing off as the Head Girl for the Class of 2023, Cifman College.

Ladies and gentlemen, esteemed teachers, staff members, Parents and guardians and my fellow

Today marks a bittersweet moment as I stand before you to deliver my farewell speech as the Head Boy of this remarkable institution. It feels like just yesterday that I stepped through these gates as a nervous freshman, uncertain of what the future held. But now, as I stand here before you, I am filled with an overwhelming sense of gratitude, pride, and a deep appreciation for the experiences that have shaped me into the person I am today.

First and foremost, I would like to express my deepest gratitude to our exceptional teachers and staff members. Your unwavering dedication and commitment to our education have made an indelible impact on our lives. You have not only imparted knowledge and skills but have also been our mentors and guides, instilling in us the values of integrity, perseverance, and compassion. Your selfless efforts have shaped us into individuals who are prepared to face the challenges of the world with confidence.

To my fellow students, thank you for allowing me the privilege to serve as your Head Boy. It has been an honor to represent your interests, voice your concerns, and work together to create a positive and inclusive environment within our school. Together, we have celebrated victories, endured hardships, and forged lifelong friendships. Each one of you possesses incredible talents, and I have been constantly inspired by your achievements both inside and outside the classroom.

Our time here has been more than just academic pursuits. It has been about personal growth, discovering our passions, and embracing opportunities for leadership and service. I encourage each one of you to continue pursuing your dreams relentlessly, with the same enthusiasm and determination that you have shown during our time together. Remember, success is not measured solely by external accomplishments but by the positive impact we create in the lives of others.

I would like to extend my heartfelt gratitude to our parents and guardians, whose unwavering support has been the bedrock of our achievements. Your love, sacrifices, and belief in our abilities have been instrumental in our journey. You have cheered us on, wiped away our tears, and celebrated our triumphs. We owe our accomplishments to you, and we promise to make you proud as we embark on the next chapter of our lives.

As we bid farewell to this institution, let us not forget the lessons we have learned here. Let us remember the moments that have shaped us, the friendships that have enriched our lives, and the memories that will forever hold a special place in our hearts. Our time as students may be ending, but the values and principles we have imbibed will accompany us on our future endeavors.

Before I conclude, I would like to leave you with a quote by Eleanor Roosevelt: "The future belongs to those who believe in the beauty of their dreams." My dear friends, believe in the power of your dreams and pursue them fearlessly. As we step out into the world, let us remember that we are capable of making a difference, no matter how big or small.

Finally, I would like to express my profound gratitude to this incredible institution for providing us with an environment that fosters growth, curiosity, and creativity. Thank you for the opportunities, the challenges, and the memories that will forever remain etched in our minds.

As I step down from my role as Head Boy, I have full faith in the abilities of the incoming leaders who will continue to uphold the values and traditions of our beloved school.

Thank you once again. May we all strive for greatness as we embark on our individual journeys. Farewell, my dear friends, and may success and happiness be our constant companions.

Thank you.

Parting Words: The difference between winning and losing is most often not quitting. When everything seems to go against you, remember that an airplane takes off against the wind not with it. Prove the haters wrong!

## Poems

### 1. TODAY

Oh, what a day it is today!"  
A special kind of day", we say  
We play, we laugh, we sing and dance,  
'cause life gives us a second chance  
To live this moment once again,  
In Joy and sorrow, love and pain.  
Cheers to today!!!

### 2. A BABY IS BORN

The mother screams in pain,  
Doing everything possible to gain  
Bringing forth a new life to this world,  
Releasing the umbilical cord,  
Spreading happiness in the air,  
An infant coming out of its  
gifts to people far and wide,  
And spread the news nationwide  
For after going through the roads of Thorn,  
A cute little infant is born.

### 3. GRADUANDS

Finally, we are done!  
Leaving school life alone,  
Where we no longer have to crave  
For the day we give our goodbye wave.  
After a long time with the school curriculum,  
Finally, we have seen our freedom.  
And the memories will forever be cherished  
For the times in school that was lavished  
Both with our teachers and friends,  
We say goodbye to each other at the end  
For we are leaving at last!  
As proud and respected GRADUANDS!
